

ONE2020 Campaign

Suggested Sermon Series for Lent 2020

One way to achieve maximum impact of the ONE2020 Campaign is when a sermon series on the book of Matthew and Ephesians are preached and discussed together in the participating church. When this is done, we have seen greater church bonding, identity, unity, awareness of the Word amongst the congregation. We encourage you to consider running not just sermon series but to have also small bible listening session and discussion during the ONE2020 Campaign.

Sermon introduction

We look at the state of our world today and wonder who is actually in control and in charge here. In the midst of helplessness and hopelessness, here's our big question...Who has the ultimate authority, final authority, over all people and over all places on the earth?

The Bible clearly tells us and our experience confirms that God is the ruler over all. God is in charge and in control. In this message series we will understand this timeless truth and be encouraged to know who God is, what He is doing and how we should respond in order to experience the Kingdom lifestyle like Jesus.

Kindly find below a sermon series that will be preached by one of our church partners in conjunction with ONE 2020 Campaign.
